

MST-218

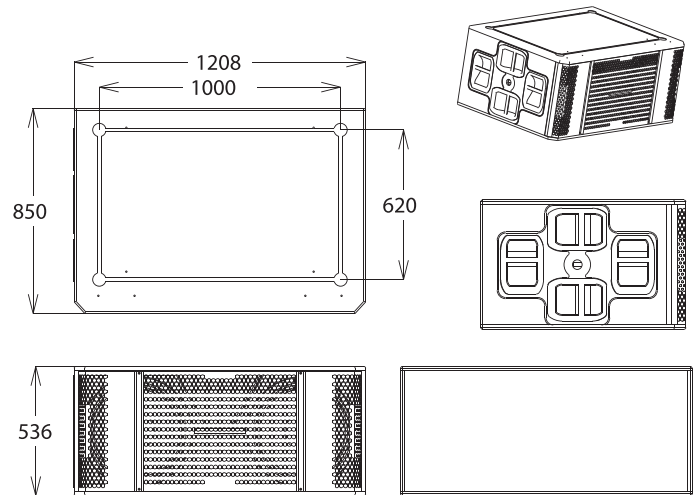

Specification

Twin 18 inch Sub
6000 Watt
Program Power

MST-218

Enclosure Dimension :

Frequency Response : At 1 Meter / Watt

Net Weight : 85 kgs

SPECIFICATION

Power capacity (AES Standards)
RMS
Program
Frequency Response

FEATURE

Recommended Application

Recommended Signal Processing
Woofers Section

Output Sensitivity

High-Pass Filter
Box Construction

Grille
Input Connectors
